12TH EDITION 2012 - 2014, CHALET PUBLISHING--OUR 20TH YEAR!!

December 2012

Volume 7 Issue 1

We've got a lot of changes and new shops to tell you about, so we're just going to launch right into it. We love to share stories from our readers of fun travels using the Quilters' Travel Companion. Please send your stories to stories@quilterstravelcompanion.com Thanks

Update your copy of QTC with the following

It's amazing how much has changed since last June. I feel that moves and closures are most important so I have highlighted those. For moves, if I don't mention any other changes (i.e. city, phone or zip) you can assume they stayed the same. I would suggest making these changes right in your book. It seems in these trying economic times that some shops are having their best years ever, while others have closed. And we're still seeing lots of new shops opening. Please note that we do not list quilt show changes in this newsletter, there are just too many of them. We are constantly updating this information on our website. www.quilterstravelcompanion.com

Questions for you, our readers

With the release of the 12th edition we celebrated 20 years of publishing the Quilters' Travel Companion. We thank our loyal readers for this milestone. We will continue to publish the paper book just as long as it is in demand. Would you like to see it offered as an e-book? What other information could be include in the book that would be of value to you as you are traveling and visiting shops?

New Feature in the 12th edition

Just to make you aware, we want to let you know that we added quilt shop hops to this edition. They are listed just before the list of shops at the end of each state.

Quilt Show Organizers

Something new we've added to the show listings on our website. While we still list the basic information for a show for absolutely free in our book, on our website we are offering a new option. We can attach a downloadable flyer to your show's listing for only \$25. If interested check out our website or give us a call 800-959-4587.

Quilt Shows Changes

Please note that the shows do change quite a bit and we try to keep up with the changes via our website. Please check our website to verify any show's information you may be interested in before going to any expense to attend that show. If a show does not appear on the website that is listed in the book, that would indicate that the show no longer happens.

Also we suggest verifying the show with a local source (ie a quilt shop in the area). Also we would appreciate your feedback about including the shows in the 12th edition in the fashion that we used. Is the way we listed each show's information easy to read and use and of value to you?

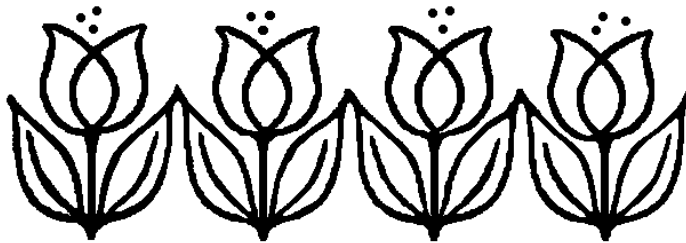

Of course, please let us know about any show in your area that isn't listed. And as long as I'm at it, we always appreciate knowing about any new shops in your area or any that may have closed or moved. It takes a concerted effort to keep all this information as accurate as possible and your help is greatly appreciated.

Quilt Guilds:

As you've probably noticed guilds are not listed in the book any longer. They are listed by state on our website. Please note that we rely on the guilds to keep the information up-to-date. Very often a guild address will change with a new president of the guild. Unless the guild supplies this address, we don't have any easy way to keep up with these changes. We do send out an email to guilds periodically asking for updates to their information. Some guilds respond, but a lot do not. So please take the guild information with a grain of salt. We do not have the manpower to verify these addresses. Please use them as you see fit, but please understand how accurate they may or may not be. Checking with a shop in the area would be a good idea, or if the guild has a website, please check out the information listed there also.

Stories and Ideas:

Please send us stories about your escapades using the 'companion'.
