December 2014

Volume 8 Issue 1

We've got a lot of changes and new shops to tell you about, so we're just going to launch right into it. We love to share stories from our readers of fun travels using the Quilters' Travel Companion.

Please send your stories to stories@quilterstravelcompanion.com

Update your copy of QTC with the following

It's amazing how much has changed since last June. I feel that moves and closures are most important so I have highlighted those. For moves, if I don't mention any other changes (i.e. city, phone or zip) you can assume they stayed the same. I would suggest making these changes right in your book. It seems in these trying economic times that some shops are having their best years ever, while others have closed. And we're still seeing lots of new shops opening. Please note that we do not list quilt show changes in this newsletter, there are just too many of them. We are constantly updating this information on our website. www.quilterstravelcompanion.com

orders@quiltersgiftshop.com

Visit our website with great gifts for quilters. Many items are unique and not available anywhere else. We don't offer fabric, patterns, or notions. The shops do a great job of that. We have concentrated on items with a 'quilty' feeling that would make fun gifts for those who love quilts. Check out our selection of novels, clothes, jewelry, games, kitchen and bathroom items, figurines, purses, signs, puzzles and the list goes on at:

www.quiltersgiftshop.com
Over 2,500 different gift items

Lots has been happening with the shops as you can see below. Shops always come and go: these are the new shops we have found since the release of the 13th edition in June of 2014. I cannot include a map for each in this newsletter due to space limitations. So please give them a call for directions if you're going to be in their area. Many of these shops have ads on our website: www.quilterstravelcompanion.com. Full listings for these shops will be included in the next edition of the QTC.

They are listed here alphabetically by state/province and then city.

New Features in the 13th Edition

This was our first full color edition, so we keep growing. Check out the free pattern included in the book on pages 10 & 11 from The Little Red Hen in Muscatine, IA. Expanded show listings. All NEW retreat facility section. Use one of our advertisers to plan your next retreat!

Quilt Show Organizers

New for shows in the 13th Edition -- you can have an ad for your show(s) in the book!! We will still list all of the shows that we know about as a community service, but you can highlight your show with an ad in the book this time. Just email sam@quilterstravelcompanion.com if you would like more information about an ad for your show.

Quilt Shows Changes

Please note that the shows do change quite a bit and we try to keep up with the changes via our website. Please check our website to verify any show's information you may be interested in before going to any expense to attend that show. If a show does not appear on the website that is listed in the book, that would indicate that the show no longer happens.

Also we suggest verifying the show with a local source (ie a quilt shop in the area). Also we would appreciate your feedback about including the shows in the 13th edition in the fashion that we used. Is the way we listed each show's information easy to read and use and of value to you?

Of course, please let us know about any show in your area that isn't listed. And as long as I'm at it, we always appreciate knowing about any new shops in your area or any that may have closed or moved. It takes a concerted effort to keep all this information as accurate as possible and your help is greatly appreciated.

Quilt Guilds:

As you've probably noticed guilds are not listed in the book any longer. They are listed by state on our website. Please note that we rely on the guilds to keep the information up-to-date. Very often a guild address will change with a new president of the guild. Unless the guild supplies this address, we don't have any easy way to keep up with these changes. We do send out an email to guilds periodically asking for updates to their information. Some guilds respond, but a lot do not. So please take the guild information with a grain of salt. We do not have the manpower to verify these addresses. Please use them as you see fit, but please understand how accurate they may or may not be. Checking with a shop in the area would be a good idea, or if the guild has a website, please check out the information listed there also.

Stories and Ideas:

WE'D LOVE TO SHARE STORIES FROM TRAVELERS OUT THERE USING THE QTC. I think everyone enjoys the stories and they may spark another quilter to make a trip similar to the one described in the story. And the more quilters are out there traveling, THE BETTER!!
