Update your copy of QTC with the following

It's amazing how much has changed since last June. I feel that moves and closures are most important so I have highlighted those. For moves, if I don't mention any other changes (i.e. city, phone or zip) you can assume they stayed the same. I would suggest making these changes right in your book. It seems in these trying economic times that some shops are having their best years ever, while others have closed. And we're still seeing lots of new shops opening. Please note that we do not list quilt show changes in this newsletter, please take time to update those changes using our website. www.quilterstravelcompanion.com

May Your Bobbin Always Be Full!

New Features in the 14th edition:

We are combining the Quilters Travel Companion and the Needle Crafter to create one great resource for all your crafting needs, Quilting, Yarn and Needlework will all be in the 14th Edition, the new name will read Quilters Travel Companion and Crafters Guide.

Quilt Shows:

We still have the best place to get your show information. We are always refreshing our website so that you get the best up to date information. Please note that the shows do change quite a bit. Please check our website to verify show's information that you may be planning on attending. If a show does not appear on the website that is listed in the book, that would indicate that the show no longer happens. Also we suggest verifying the show with a local source (ie a quilt shop in the area). Of course, please let us know about any show in your area that isn't listed. We always appreciate knowing about any new shops in your area that may have opened and any that may have closed or moved. It takes a concerted effort to keep all this information as accurate as possible and your help is greatly appreciated.

Quilt Guilds:

Guilds are listed by state on our website. Please note that we rely on the guilds to keep the information up-to-date. Very often a guild address will change with a new president of the guild. Unless the guild supplies this address, we don't have any easy way to keep up with these changes. Checking with a shop in the area would be a good idea, or if the guild has a website, please check out the information listed there.

Stories and Ideas:

WE'D LOVE TO SHARE STORIES FROM TRAVELERS OUT THERE USING THE QTC.
Please send your stories to stories@quilterstravelcompanion.com so that we may share them with other readers.

**The Quilters Travel Companions website is a great way to keep your book updated
and the best place to get the most accurate show information.
This is the best reference guide on the market and a must have in every quilters car.**
