12TH EDITION 2012 - 2014, CHALET PUBLISHING

June 2013

Volume 7 Issue 2

We've got a lot of changes and new shops to tell you about, so we're just going to launch right into it.

Lots has been happening with the shops as you can see below. These are the new shops that have contacted me since the December Newsletter in 2012. I cannot include a map for each in this newsletter due to space limitations. So please give them a call for directions if you're going to be in their area. Many of these shops have ads on our website: [www.quilterstravelcompanion.com](http://www.quilterstravelcompanion.com). Full listings for these shops will be included in the next edition of the QTC. They are listed here alphabetically by state/province and then city.

# Update your copy of QTC with the following

It's amazing how much has changed since last December. I feel that moves and closures are most important so I have highlighted those. For moves, if I don't mention any other changes (i.e. city, phone or zip) you can assume they stayed the same. I would suggest making these changes right in your book. It seems in these trying economic times that some shops are having their best years ever, while others have closed. And we're still seeing lots of new shops opening.

**New Shops**

At the suggestion of one of our customers we have added a new feature to our online updates. She thought that getting the new shops in three separate lists was pretty confusing when traveling, so we are also maintaining a complete list of the new shops we find out about between editions online. The new shops included in a newsletter are just since the last published newsletter. Please go online to get the entire list. We will be updating this list monthly. Online this list is located with the newsletters.

Here's a link: <http://www.quilterstravelcompanion.com/up-to-date-newsletter.html>

**Quilt Show Organizers**

Something new we've added to the show listings on our website. While we still list the basic information for a show for absolutely free in our book AND on our website we are now offering two other ways to promote your show. We can attach a flier to your listing for \$25. This gives folks an easy way to print out the information about your show to have with them when they're traveling. Also we offer two banner ads per state. This calls folks attention to your show first when they are looking at shows in your state. The cost of a banner ad is \$100. Either runs from when you contact us until the last day of your show. If interested check out our website or give us a call 800-959-4587.

**Quilt Show Changes**

Please note that the shows do change quite a bit and we try to keep up with the changes via our website. Please check our website to verify any show's information you may be interested in before going to any expense to attend that show.

If a show that is listed in the book does not appear on the website, that would indicate that the show no longer happens. We put a note in the listing if the venue or schedule has changes from what we list in the book

We suggest verifying the show with a local source (ie a quilt shop or quilt guild in the area).

Also we would appreciate your feedback about including the shows in the 11th edition in the fashion that we used. Is the way we listed each show's information easy to read and use and of value to you?

Of course, please let us know about any show in your area that isn't listed. And as long as I'm at it, we always appreciate knowing about any new shops in your area or any that may have closed or moved. It takes a concerted effort to keep all this information as accurate as possible and your help is greatly appreciated.

**Stories and Ideas:**

Please send us stories about your escapades using the 'companion'. It's so much fun to share the sotries of the 'trouble' that the companion gets people into.

Also let us know of any ideas or thoughts you've had that would improve the book for you.
